Subject: **Letter of Recommendation for Advantis International Inc.**

To whom it may concern:

I am writing to recommend the services of Advantis International Inc. and the media trade services of its Barter Advertising Solutions division.

We used Barter Advertising Solutions earlier this year to run national advertising for our company. Without giving details, let me mention that our ads can be hard to place and with a lot of knowledge and contacts, the Advantis team got the job done.

We were very satisfied with the media placement services and follow through. I was able to assign a relatively new fellow on my side and the pros at Barter Advertising did the heavy lifting and all went fine.

I would highly recommend their services to other firms seeking national advertising on a trade basis.

Sincerely,
